Coimbatore Cad Solutions Pvt Ltd

Company Overview: Coimbatore Cad Solutions Pvt Ltd is a leading distributor of Siemens CAD/CAM/Simulation/PLM products in India. With a strong focus on innovation, we specialize in providing advanced software solutions tailored for the Mechanical & E-Machine Design sector. Our expertise lies in Mechanical Design, motor design, and electromagnetic simulations, helping businesses enhance their product development processes and achieve optimal performance in electric vehicle (EV) systems.

Key Products & Services:

Siemens CAD/CAM Solutions: High-performance tools for product design, manufacturing, and simulation. Simulation Solutions: Advanced electromagnetic simulation tools for accurate predictions of motor behavior. PLM Solutions: End-to-end Product Lifecycle Management to streamline collaboration and innovation. E-Machine Design Software: Focused solutions for designing electric motors and related components, integral to the EV industry.

Why Choose Us:

Expertise: With years of experience in the industry, we are committed to offering the best-in-class solutions for E-Machine Design and simulations.
