## IVW PRIVATE LIMITED

IVW Private Limited established in the year 2021, is a Lithium Battery pack manufacturer company that is specialised in manufacturing, supply and export of lithium ion battery packs, lithium ferro phosphate battery pack for solar, ESS, E-mobility, Industrial automation and Robotics, Electronics and Medical devices.

We have a semi-automatic battery pack assembling unit with the latest machinery and technology as per industrial standards with production capability of 50 KW per day. The factory is set up in the outskirts of Chennai - Guduvanchery.

### MISSION

To produce quality battery packs with no compromise in workmanship

To create robust R&D to deliver advanced technology and solutions for customers

To design and implement innovative green energy solutions for the betterment of society and nature

### VISION

To provide innovative solutions using Lithium Battery for Electric Vehicles, Solar applications and Energy Storage Systems and to accelerate adoption of renewable energy products and services worldwide.
